## Introduction

The College of Health Sciences is committed to providing advanced quality education. We provide a learning environment that supports interdisciplinary communication, the development of professional public health concepts, values, and the resolution of healthcare issues. We prepare students to be outstanding leaders and practitioners in professional careers in public health, healthcare administration, speech-language pathology, communicative disorders, speech and hearing sciences, and social work.

## Mission

The mission of the College of Health Sciences is to provide quality teaching, research, and service to produce team-oriented leaders who think critically and address health and societal issues that impact the quality of life and well-being in communities at the local, state, national, and global levels.
